Commission Questionnaire on Credit and Time Requirements

The following request for documentation pertains only to formulas and policies for awarding credit to students based on work completed at the institution or transferred from another institution. Replies should be succinct and are expected to confirm already established formulas, policies, and practices.

In the event that formulas and policies are not established, and before completing the questionnaire, please review the revised NAST standards regarding “Credit and Time Requirements” (see NAST *Handbook 2018-19*, Standards for Accreditation III.A.2. [including the note following standard III.A.2.a.], 3., 4., and 6.). The current edition of the NAST *Handbook 2018-19* is available at the NAST website; an excerpt containing the referenced standards is attached for your convenience.

In responding to the questionnaire, it is not sufficient to indicate that the institution meets credit and time standards of other accrediting agencies, governments, or systems. In the NAST context, institutions must demonstrate compliance with NAST credit and time standards as cited above, including but not limited to the institution’s publication of its formulas and policies and attention to time and credit relationships applicable to both lecture and non-lecture courses in theatre.

For institutions or programs using a clock hour system: when responding to the items below, please provide formulas, policies, and procedures in terms of clock hours instead of credit hours. Please consult the NAST *Handbook 2018-19*, Standards for Accreditation III.A.2.d. regarding clock hour to credit hour conversions.
